

Make Ethereum Cypherpunk again

ETHSydney 2024 Hackathon

Sydney | 25 – 27 October

UNSW Founders

T

23

What is ETHSydney

ETHSydney is the premier Ethereum community in Australia. We are planning a Hackathon as a part of the Road to DevCon Asia-Pacific region.

The Hackathon will be attracting top developers, innovators, and thought leaders in the blockchain space. ETHSydney's Hackathon offers unparalleled opportunities to grow and nurture the Australian Ethereum developer community.

Partnering with ETHSydney Hackathon is a great way to get brand exposure, and engagement with the Ethereum community in Australia and globally.

Why sponsor?

Get customers

Meet the future end users and customers of your project directly

Get developers

Meet the developers and builders, hungry to build on top and with your product

Access talent

Attract developers, innovators, and thought leaders in the Australian Ethereum ecosystem

Tracks & Prizes

General Track

Making Ethereum Cypherpunk Again

- ⓘ \$2,500 for open-source projects on Ethereum (complementary 1 FREE DEVCON ticket)

Youth Innovators Track

Exclusively for young minds ready to push the boundaries of creativity and technology.

- ⓘ \$1,500 for the projects built by youth (complementary 1 FREE DEVCON ticket)

Security Track

From smart contract audits to building privacy-preserving tools, this track will challenge you to push the boundaries of Ethereum security. Let's Make Ethereum Cypherpunk Again by developing robust, trustless systems that defend user sovereignty.

- ⓘ \$1,000 for the projects focused on security (complementary 3 50% off DEVCON ticket)
